If Yes: Will any portion of the flood hazard area be developed? (Check One)  YES  NO

Owner/Agent shall verify that any proposed construction and/or development activity complies with the requirements of the National Flood Insurance Program and the Pennsylvania Flood Plain Management Act (Act 166-1978), specifically Section 60.3 Lowest Floor Level: \_\_\_\_\_

HISTORIC DISTRICT: Is the site located within a Historic District:  YES  NO

If construction is proposed within a Historic District, a certificate of appropriateness may be required by the Municipality.

The applicant certifies that all information on this application is correct and the work will be completed in accordance with the approved construction documents and PA Act 45 (Uniform Construction Code) and any additional approved building code requirements adopted by the Municipality. The property owner and applicant assumes the responsibility of locating all property lines, setback lines, easements, rights-of way, flood areas, etc. Issuance of a permit and approval of construction documents shall not be construed as authority to violate, cancel or set aside any provisions of the codes or ordinances of the Municipality or any other governing body. The applicant certifies he/she understands all the applicable codes, ordinances and regulations.

Application for a permit shall be made by the *owner* or lessee of the building or structure, or *agent* of either, or by the *registered design professional* employed in connection with the proposed work.

I certify that the code administrator or the code administrators authorized representative shall have the authority to enter areas covered by such permit at any reasonable hour to enforce the provisions of the code(s) applicable to such permit.

THE UNDERSIGNED APPLICANT UNDERSTANDS THAT FALSE STATEMENTS HEREON ARE MADE SUBJECT TO THE CRIMINAL PENALTIES OF 18 Pa. C.S.A. § 4904 RELATING TO UNSWORN FALSIFICATION TO AUTHORITIES. THIS APPLIES TO FALSE STATEMENTS MADE ANYWHERE ON ANY PAGE OF THIS APPLICATION.

I HAVE READ AND UNDERSTAND ALL OF THE STATEMENTS MADE IN THIS ABOVE APPLICATION AND HAVE DISCUSSED ANY QUESTIONS WITH THE ISSUING OFFICER.

### GENERAL APPLICATION:

READ ALL INSTRUCTIONS

FILL OUT COMPETELY

(If you believe something does not apply use NA)

ATTACH:

- PLOT PLAN -- REQUIRED FOR: Fences, Signs, Accessory Buildings [garages, sheds, pools, decks]
  - Must show all metes and bounds of lot
  - Proposed structure with all dimensions.
  - All existing structures.
  - All setbacks
  - E&S Best Management Practices – If land disturbance is over 5,000 square feet
- SOIL & EROSION PLAN – Approved copy or letter from Luzerne County Conservation District or DEP (If earth disturbance is over 5,000 sq. ft.)
- CONSTRUCTION DRAWINGS -- If Required
- DEED OR LEASE – If Required (Usually if land or structure is being leased or rented)
- ANY OTHER AGENCY PERMITS, REQUIREMENTS OR DOCUMENTATION – If Needed

RETURN PACKAGE TO PERMIT OFFICE

Building Code Officer will review application. Applicant will be informed of results within 15 business days of the filing date or sooner unless extended by the Building Official and/or the Permit Applicant.

CLIMATE ZONE - 5      HAZLE TOWNSHIP

NOTES:

<sup>1</sup>.....Hazle Twp. is in an area that requires CS (Case Studies). The Ground Snow load indicated is based on information in NRCC Publication RP-94-3 "Atlas of Extreme Snow Water Equivalents for North Eastern United States" and is an average for structural design in the township. Certain structures and uses in certain areas may need additional studies.

<sup>2</sup> .....Based on NRCC Publication RP-96-1 "Atlas of Soil Freezing Depth Extreme for North Eastern United States"

## APPENDIX B

### STORMWATER MANAGEMENT PERMIT GUIDELINES AND APPLICATIONS

Anyone performing a regulated activity, unless specifically exempt by Section 302 of the Ordinance, must complete the accompanying Stormwater Management Permit Application and required drawings and documents, and submit to Hazle Township. A regulated activity is defined by this Ordinance as:

**Regulated Activity** - Any earth disturbance activities or any activities that involve the alteration or development of land in a manner that may affect stormwater runoff.

This includes but is not limited to: the clearing of wooded areas, grading and excavating, placement of pavement (driveways, parking areas, roads), construction of buildings, construction of stormwater management facilities, the diversion or piping of any natural or man-made stream channel, the construction of other structures (homes, sheds, garages, commercial and industrial buildings), and other activities which alter the way stormwater runs off of the landscape. See Section 105 of Ordinance for additional detail on Regulated Activities. Impervious area is defined by this Ordinance as:

**Impervious Surface (Impervious Area)** - A surface that prevents the infiltration of water into the ground. Impervious surfaces include, but are not limited to, streets, sidewalks, pavements, parking lots, driveways, roofs, stone patios. See definition of "Gravel (Crushed Stone)" for when gravel classifies as impervious area.

**Gravel (Crushed Stone)** - Considered to be impervious when the intended use of the stone is for transportation purposes, parking areas, construction areas, trails, or if the gravel is compacted at any time during or after its placement; landscaping stone is not considered as impervious area.

Depending on the amount of impervious area placed and the amount of earth disturbance to the project site, this Ordinance requires different levels of stormwater management, and correspondingly different levels of design and review.

---

**Level 1:** Proposed impervious area is 500 sq. ft. to 1,000 sq. ft. or total earth disturbance is 1,000 sq. ft. to 5,000 sq. ft.

**Stormwater Management Controls:** Ensure that adverse downstream impacts do not occur due to redirecting stormwater flows towards nearby structures. Stormwater Management Controls must comply with Section 301 of this Ordinance.

**Submission:** Submit the Stormwater Management Permit Application and Sketch to Hazle Township Code Enforcement Officer.

**Review:** Shall be completed by Hazle Township Zoning Officer or Building Inspector.

---

**LEVEL 1 APPLICATION – PROJECT SKETCH  
HAZLE TOWNSHIP ACT 167 STORMWATER MANAGEMENT**

**Level 1:** Proposed impervious area is 500 sq. ft. to 1,000 sq. ft. or total earth disturbance is 1,000 sq. ft. to 5,000 sq. ft.

**Stormwater Management Controls:** Ensure that adverse downstream impacts do not occur due to redirecting stormwater flows towards nearby structures. The following general requirements shall be met as follows:

- A. There shall be no increase in the rate of storm water discharge from the land development or subdivision that would have occurred from the land prior to the activity. No Level 4 regulated activities shall commence until the Township issues written approval of a SWM Site Plan.
  
- B. Each person, corporation, or other entity which makes any surface changes shall be required to: a) collect on-site surface runoff and dispose of it to the point of discharge into the common natural water course of the drainage area; b) handle existing off-site runoff through his development.

**Submission:** Submit the Stormwater Management Permit Application and Sketch to Hazle Township Code Enforcement Officer.

**Review:** Shall be completed by Hazle Township Zoning Officer or Building Inspector.

## EXAMPLE LEVEL 1 PROJECT SKETCH

- Show direction of proposed stormwater discharges
- Show all structures within 50 feet of site
- If storm sewers are present, show approximate location of inlets

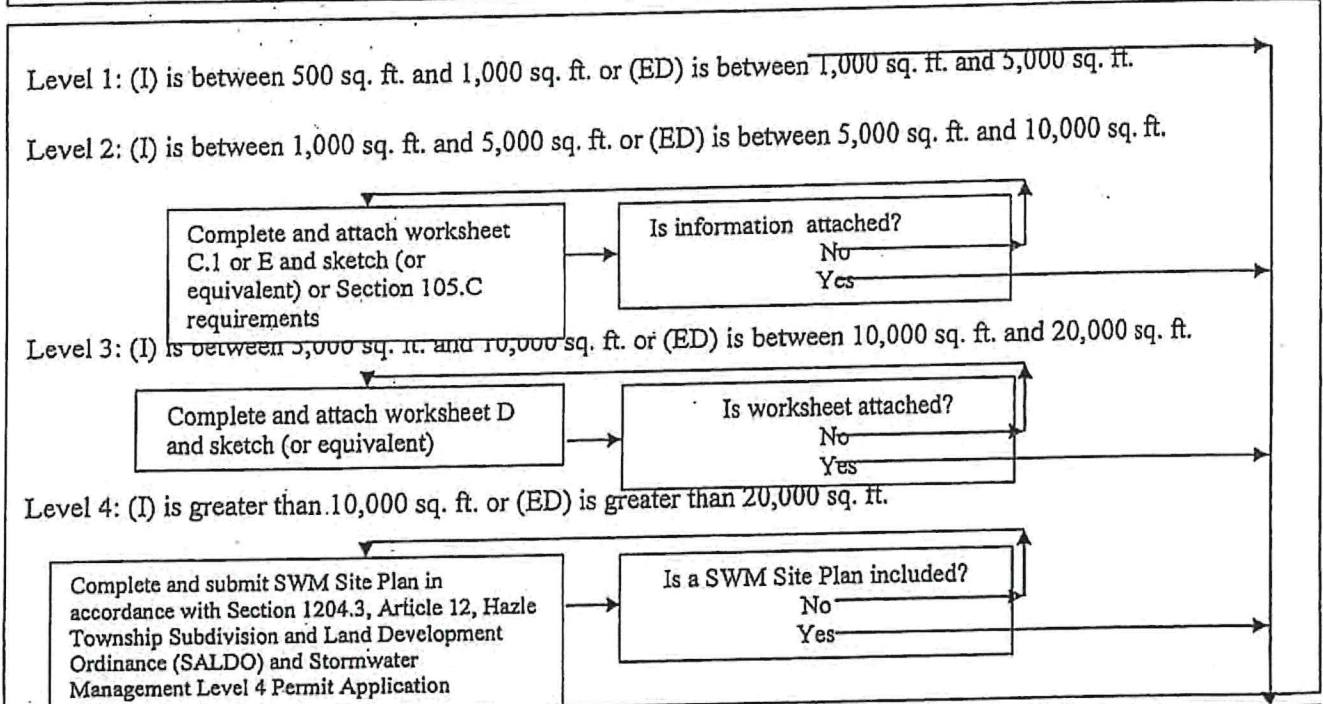

**STORMWATER MANAGEMENT PERMIT APPLICATION – Levels 1, 2, 3, & 4**
