American soldiers fight for their country and die for their friends, but they live to come home to their loved ones. They give us this wonderful gift of peace and freedom. Please remember that the men and women of the United States Military have freely chosen to protect us and give us this gift. Many soldiers do not come home. It's a selfless act of courage and love.

This nation will remain the "Land of the Free" only as long as it is the home of the brave. Courage is almost a contradiction in terms. It means a strong desire to live taking the form of readiness to die.

Veterans and Fallen Heroes will never be forgotten or forsaken

Paying the debt to the heroic men and valiant women in the military service and to those who gave the ultimate sacrifice enabling us to live our lives in a free country.

We think it's time we honored them with the dedication of a permanent Memorial to them with the recognition of their family and friends.
