

April 13, 2026

6:00 p.m.

The regular monthly meeting of the Hazle Township Board of Supervisors was called to order by Chairman, Griguoli. After the Pledge of Allegiance to the Flag, roll call was taken as follows:

Jim Montone, present

Wendy Naprava, Rec. Sec., present

Bob Fiume, absent

Atty. Chris Slusser present

Tony Griguoli, present

Joe Calabrese, Engineer, present

MINUTES: Chairman Griguoli entertained a motion to approve the minutes of the March 10, 2026 regular meeting as prepared by the Recording Secretary. **Motion by Montone, second by Griguoli to approve the minutes.** Roll call: Montone, yes; Fiume, absent; Griguoli, yes

TREASURER'S REPORT: Chairman Griguoli entertained a motion to approve the **March 2026 Treasurer's Report. Motion by Montone, second by Griguoli to approve the March 2026 Treasurer's Report.** Roll call: Montone, yes; Fiume, absent; Griguoli, yes.

BILLS: Chairman Griguoli entertained a motion to pay the bills due and payable through April 13, 2026. **Motion by Montone, second by Griguoli to approve the bills as presented for payment.** Roll call: Montone, yes; Fiume, absent; Griguoli, yes.

Chairman Griguoli authorized Wendy Naprava to open the bids for equipment rentals. Wendy told him that no bids were received.

Chairman Griguoli authorized Joe Calabrese to open the bids for the asphalt patching

Chairman asked if anyone has any comments on the agenda items.

Doreen Sando Cherenyock, 17 Ardennes Lane, Sugarloaf Township. Chairman Griguoli said he asked for any comments on the agenda items from any Hazle Township residents only. She said it is against the Sunshine Act. Attorney Slusser said it is not...residents or taxpayers of the township and it specially provides for that on the open records site and that is what the current law is. She said she is going to challenge that.

Tammy Parise, Louis Schiavo Drive, has a quick question about the fire escrow release of funds for the building in Pardeesville. She doesn't understand and asked if the Township owns that property. Wendy explained that if there is a house fire in the Township then the home owners insurance company has to send an escrow check in case there are outstanding municipal bills and the money is held until the owner has the property repaired or cleaned up. Once that is done it is inspected and then check is released to them. She wondered if it applied to the taxidermy fire years ago.

Christine Gardner, 4215 Hollywood Blvd., Hazle Township, with regard for the authorization to sign the land development agreement for Butler 260, Building 5, she wants to know what it is. Joe Calabrese said this is for a proposed industrial building located at SR 424 and SR 309. This is Northpoint Hazleton Logistics. If people are asking, this is not the project that was in front of the Zoning hearing board, this is a different project. This building is a permitted use in the zone, it went through the land development process so this agreement (as required with all agreements)

is just the land development and improvement agreement associated with the land development that was already approved. She asked so what is it...land development for what. Joe said it's an industrial building so they're allowed to do any of the permitted uses in the industrial zone. He believes it's a warehouse but not even sure if they are a user yet. That would come up if they requested occupancy and their user was not a permitted use. They're allowed to do any of the permitted uses. They don't necessarily need to tell the township during land development who their user is as long as the use is a permitted use. He believes it is going to be a warehouse which is a permitted use.

Janet Korinchock, 604 Birch Road, Hazle Township. This is in regard to the first item on the Agenda...the policy governing public comment. She said from what the attorney said that it is her understanding that only Hazle Township people can speak at these meetings. Chairman said a lot of other municipalities do the same thing, we're not the only one. If that's the case then like the data center and it affected the people in Sugarloaf and then those people can't speak up because it's going to be your decision that's going to affect people all over around the area. Chairman said they're going to listen to the Hazle Township tax payers. She said she understands that...so when you advertise your meetings you should put public comment for Hazle Township residents only. She said otherwise it's not a very democratic way. She thinks everybody should be able to be heard...we the people and if it's going to affect people in Sugarloaf or in the Heights, she thinks you have to consider the community. If you are just going to limit it to just Hazle Township people she doesn't think it's fair....it's not the true democratic process. Chairman said well looking on the other side at some meetings people came from over all, even as far away as Philadelphia and that's not fair to the Hazle Township residents either. She said well they made people aware of things. She said she's not in favor of the data center.

Mike Pupach, 2517 Christine Road, Hazle Township, regarding the subdivision in Ridgewood. He asked if there is ever going to be any plan for water runoff. He keeps getting hammered. Chairman told him that they're going to work to get this fixed. Mike said things heaved and 90% of the water bypasses the storm drains that were put in and in the meantime he's getting flooded. Joe Calabrese gave an update: apparently the history of that road when it was paved years ago is and he's not sure why it was done that way but it was reverse crowned. Mike said well if it was the opposite here then he would be getting it much worse. Joe said repaving the road wouldn't solve the problem. They went out and they surveyed the whole area, they drew up a general plan to actually take the stormwater down Nutmeg, they're finishing the plan and he met with Joe Synoski (the road foreman) and showed him what they're planning on doing because a lot of that water comes out of the wooded area. Our plan is, because the system down toward you, is overloaded already. You see it down at the bottom. We plan on doing a piping system the other direction and taking it all the way down to the state road and splitting in two directions. So the bottom line is that plan should be finished within a week or two. Then we are going to bring it to the supervisors and then to the road department to see if that's something they can build in-house or if it's going to be too large that we have to bid it out. We are working on it. Mr. Pupach thanked them.

Christina Gardner got back up and said she researched it herself, Butler 260, Building 5, NorthPoint is the first of the phase 1 to go into the project Hazlenut data center. She said her source was luzernecounty.org. Joe C. said respectfully that's a different project. Christine said then the internet's wrong which can be, and Joe said he agrees. Joe C. asked Tom who was in the audience from Northpoint if he could verify that this is a completely separate project and Tom said that it is a completely different project and it is a warehouse project. Joe said that this project is right on the border with the city.

Tony Freedom, 1776 Liberty Way. Chairman asked if it is in Hazle Township, Mr. Freedom said yes. The supervisors said it is not in Hazle Township so you cannot speak sir. Mr. Freedom said it doesn't matter where I'm from, you don't have a right to ask him that because he's protected by his 4th amendment – no right to search him. Chairman said you're not allowed to speak.

ADMINISTRATIVE ACTIONS

RESOLUTION #2026-13 – A RESOLUTION UPDATING POLICY GOVERNING PUBLIC COMMENTS: Chairman Griguoli entertained a motion for Resolution #2026-13. **Motion by James Montone, second by Anthony Griguoli to pass Resolution #2026-13..** Roll call: Montone, yes; Fiume, absent; Griguoli, yes.

RESOLUTION #2026-14 – SEWAGE FACILITIES PLANNING MODULE FOR PLAN REVISION FOR NEW LAND DEVELOPMENT FOR THE CANDO WASTEWATER TREATMENT PLAN RERATE PROJECT: Chairman Griguoli entertained a motion for Resolution #2026-14. **Motion by Montone, second by Griguoli to pass Resolution #2026-14.** Roll call: Montone, yes; Fiume, absent; Griguoli, yes.

RIDGEWOOD SUNBURST PHASE 1B FINAL SUBDIVISION – PROPOSED IS TO SUBDIVIDE LOTS 1 THRU 5 & LOTS 11 THRU 14 AND PARCEL C – STORMWATER MANAGEMENT ALONG E. VENISA DRIVE IN THE RIDGEWOOD SUNBURST PHASE 1 SUBDIVISION AS RECOMMENDED BY THE HAZLE TOWNSHIP PLANNING DEPARTMENT: Chairman Griguoli entertained a motion for the final subdivision. **Motion by Montone, second by Griguoli to approve the final subdivision for Ridgewood Sunburst Phase 1B.** Roll call: Montone, yes; Fiume, absent; Griguoli, yes.

AUTHORIZATION FOR THE SUPERVISORS TO SIGN THE LAND DEVELOPMENT AGREEMENT FOR BUTLER 260, BUILDING 5: Chairman Griguoli entertained a motion for the authorization. **Motion by Montone, second by Griguoli for the authorization to sign.** Roll call: Montone, yes; Fiume, absent; Griguoli, yes.

FIRE ESCROW RELEASE OF FUNDS IN THE AMOUNT OF \$12,000 FOR A FIRE AT 617 UPPER ST., HAZLE TOWNSHIP. HAZLE TOWNSHIP COMPLETED THE FINAL INSPECTION AND THERE ARE NO OUTSTANDING MUNICIPAL BILLS: Chairman Griguoli entertained a motion for the release of fire escrow funds. **Motion by Montone, second by Griguoli to authorize the release of the fire escrow funds.** Roll call: Montone, yes; Fiume, absent; Griguoli, yes.

EXERCISE THE THIRD AND FINAL 1-YEAR EXTENSION OPTION FOR PROPERTY MAINTENANCE BID FROM J. PECORA ENTERPRISES FROM 6/1/2026 THROUGH 5/31/2027 AT THE RATE OF \$90/HOUR. HIS ORIGINAL BID WAS A 2-YEAR CONTRACT WITH THE OPTION FOR (3) ONE YEAR EXTENSIONS: Chairman Griguoli entertained a motion for the extension. **Motion by Montone, second by Griguoli to exercise the final 1-year extension for property maintenance.** Roll call: Montone, yes; Fiume, absent; Griguoli, yes.

BID TABULATION & AWARD THE CONTRACTS FOR THE EQUIPMENT RENTALS TO THE LOWEST RESPONSIBLE BIDDERS. THIS WAS REBID FROM LAST MONTH BECAUSE OF NO BIDDERS. Wendy Naprava said that we did not receive any bids. Chairman said this was the second time they were bid out with no bids received. No action to be taken.

BID TAB AND AWARD THE CONTRACT FOR THE HAZLE TOWNSHIP 2026 ROADWAY MANUAL ASPHALT PATCHING PROJECT TO THE LOWEST RESPONSIBLE BIDDER AS DETERMINED BY THE TOWNSHIP ENGINEER AND TOWNSHIP SOLICITOR: Joe Calabrese read the bids aloud and the tab is attached at the end of the minutes. The low bidder was M&J. Chairman Griguoli entertained a motion award the bid to M&J contingent upon review by the solicitor and engineer. **Motion by Montone, second by Griguoli to award the bid to M&J contingent upon review by the solicitor and engineer.** Roll call: Montone, yes; Fiume, absent; Griguoli, yes.

REPORTS

ROADMASTER: Jim said they have been doing patching potholes and getting ready to do a lot of piping in the next week or so.

ENGINEER: Joe said with regard to the paving project we awarded last year (2025-2026) Pennsy has the contract and they completed about 2/3 of the roads. They have until the summer to finish it according to the contract and they will be starting back up tomorrow. They have a schedule, they are going to start milling the roads and then the paving crew will follow them one day behind so they're not going to stay milled for several days, they're going to jump right on it and after they're milled then pave them. You heard his update on the Ridgewood stormwater update. With the Ski Court issue, Joe met with the professional geologist and he gave him a draft report. He's asking for the township to do a couple additional things...a little bit of additional survey and some testing from Hawk Mountain and after we get these two items done we would hope to have that final report finished by next month at this time. Joe said it makes sense the way he explained as to why he wants this information. It will help him to get a better idea to what he will recommend to solve this and where the main source of the problem is. With regard to 924 Landscaping they submitted their third version of the stormwater plan, it addressed all of our review comments so we approved the plan. He feels that the plan itself is only going to partially solve the problem. The other problem is within the PennDOT right-of-way, the stormwater pipe that discharges to the PennDot right-of-way and then loops around and goes on these properties below. He spoke to three gentlemen at PennDOT today and they're trying to get a meeting for sometime later this week to see how we can solve that problem. In fairness, that pipe originates from a building in the city of Hazleton and it outlets in the PennDOT right-of-way so we're just trying to act as a liaison because we believe that's half of the problem here. They were able to tell that after this plan for 924 Landscaping got done and we got additional survey done. 924 Landscaping is ready to start on the construction as soon as we give them the go ahead. Joe really wants to meet with PennDOT on this pipe issue first.

FIRE DEPARTMENT: No report/nobody present.

CODE ENFORCEMENT OFFICER: Nobody present

ZONING OFFICER: Nobody present

OLD BUSINESS

There was nothing to discuss under old business.

NEW BUSINESS

There was nothing to discuss under new business.

AUDIENCE PARTICIPATION

Doreen Sando Cherenyock, Sugarloaf Township, got up to speak again and said she has every right to speak per Section 7101 of the Sunshine Act per her attorney. Attorney Slusser told her to have her solicitor send it to him.

Matt Lazur, 330 Eugene Avenue, New Coxeville, Hazle Township, said Nick Payne was at his place in the fall and he told Matt to come and speak to see if you could extend this corrugated pipe in that ditch area because the weeds and debris that's building up in that ditch that was put in has tons of big stones. Can that be put on your agenda to do. Joe said this is a project that the Township did a few years ago. It's an official township paper street that was never really built out, it's modified surface down to the end. The way it was designed the culvert was to cross Shayna Drive and then outlet to a swale on Eugene. The Supervisors said they will have Joe look at it.

Tammy Parise, Louis Schiavo Drive, Hazle Township, told the Supervisors they have 3 minutes so talk to her about her issues she's been bringing up before this board for 12 years. Chairman said Joe has been talking to you and he has been looking into it over there. Joe said he met Tammy with surveyor so he could show the surveyor what he wanted him to get. He's coming back tomorrow to pick up the elevations and we're going to look at a stormwater solution to that problem. He said he thinks a lot of her other concerns may be related to the conditions of the zoning hearing that were done years ago. He said that was before his time and he never saw the conditions but he believes that Tammy believes that some of those conditions of the approval are being violated. The only person that can enforce that is our code officer. He told the Supervisors they should have him look at each condition one by one and see if the owner adjacent to her is following each of the conditions. He said he would be happy to look at them himself and make a recommendation. He said he believes if someone thinks that the conditions of the approval are not being followed then they can file with zoning hearing board. Joe said when this is done he is going to issue a formal report to the supervisors.

Janet Korinchock, 604 Birch Road, Hazle Township asked about the public policy comment so what is the policy. Chairman said it was read at the last meeting. A copy was made for her. Is there anything with regard to the ordinance that's supposedly in the process for the data center, like you were going to make amendments or something. Joe said the firm from Western PA that drew it up they've had 2 or 3 working drafts in which we commented internally and since it is a very important items, we are taking our time to get it right and working through those items. As soon as the township feels like it's in a position for possible adoption that's when it would become a public record. She understands but in the meantime before some other big buck company comes in and wants to put another one in, are you going to hold off on allowing that because we don't have an ordinance in place. She doesn't want to see it fall in the cracks. Hazle Township and people from other communities are concerned also. They can't come here and voice their opinion so is there a certain way they can voice their opinion to you, could they talk to you, or send an email or a letter. Chairman said I'm sure they're attending their own municipality meetings. Janet said but with what you're deciding it is going to affect them, so do they have a

way to ask you questions without being told they can't speak here. Janet said she's concerned about the proposed data center in Kline Township and they were allowed to speak at that meeting. She asked they were at Community Park walking around and saw that there are a lot of trees with red tags that say boundaries wetlands. Why are trees all around the lake marked with those tags. Joe said the Supervisors approved to get a wetland delineation on the property. We're applying for grants and the wetlands are protected and not formerly marked so that's what this is for.

Tammy Blasko, 2363 W. Venisa Dr., Ridgewood, Hazle Township, said she knows that Hazle Township does not have control over the water company but this is the third time they completely dug up her backyard with this project that they're putting in and as long as they come back and plant the grass she doesn't care. They came and started digging up by where the storm drain is last Monday night into Tuesday, they dug all night. The next morning they had black water, they ran the water all day like they said to, her ran for 24 hours and it got a little bit lighter but was still dark brown like chocolate. They called, because it was affecting a bunch of homes, they just say you have to let it run. The one crew came on Wednesday, they called people in from the water company to come over, they were in the houses, and they never say anything like this before with how dark the water was. They didn't know what was wrong and ended up digging the hole back open that the other crew did the night before. Tammy said she thought it was sediment coming in but the guy from the water company said it's mud. He said to stop running the water because you're toilets and everything is going to be a mess. She took the screens off the sink so the sediment could come out and the water is not clearing up. They're drains are starting to run slow. On Friday the water company came again and it was just starting to clear up and every time they come then they make it worse. They were working down the bottom of the hill and she told the guys her water is getting darker and they said it's crystal clear here. So they didn't want to do anything so she called back to the water company and the neighbors have been calling as well and they pretty much said there's nothing they can do. Just to keep running the water. She showed them a jar of the water today and it's been a week. She said she knows there's nothing you can do but she said everything that's going on over there is being caused by the water company not the developer. We did have a lot of lousy contractors over there in the past but they are not one of them. This water company will do not anything for us...they're drinking bottled water and they cannot use their showers and we go to the laundromat. She spoke with the manager at the water company and was told there is nothing they can do so stop calling. Can somebody make a phone call and say this is not acceptable. Chairman said he made two calls and Jim said he made a call. Jim said we've been dealing with the water company with the problem on Jan's property for years and it took years to get two crews over there to look at his backyard. Jim asked if any of you ever went to a water company meeting. Tammy said she didn't know they have them. They have meetings every Tuesday evening. Chairman said he will make another call to the water company. Joe said he will call too.

Dave Popiak, 18 Shipper St., Hazle Township, he got notification from a couple contractors that a neighboring property is not tied into the community sewer line. At points last year there was an odor of sewage and he did see that Sal Merola was pumping out a septic tank. He knows that septic tanks are not allowed if you're close to a public sewer line. His concern now that spring is coming around is that mosquitos and more will be coming around because he can smell the sewage and is it malfunctioning at this point. He knows township has a sewage enforcement officer of would you like him to contact the state and make a formal complaint because they regulate on lot sewage. He wants to know what the status is and why is it taking so long to tie into the sewer. Joe said he believes that the municipal authority did issue a letter and there was a certain amount of time that the property owner had to tie in. Joe said he's not sure of the status but he can find out tomorrow. Dave said he's just stating that there's sewage in the area, he can smell it. He knows that the neighboring property has an on-lot disposal system which is in

violation of the township ordinance and how do mitigate this. The supervisors told Dave to take his concerns to Hazle Township Municipal Authority. Dave said the on-lot disposal system is regulated by the state and which every municipality is required to have an SEO in order to enforce that. Joe said someone should also let the current SEO know about the problem.

ADJOURNMENT: The business at hand being complete, a motion was made to adjourn the meeting. **Motion by Montone, second by Griguoli to adjourn meeting.** Adjournment time 6:53 pm.

May 11, 2026

6:00 p.m.

The regular monthly meeting of the Hazle Township Board of Supervisors was called to order by Chairman, Griguoli. After the Pledge of Allegiance to the Flag, roll call was taken as follows:

Jim Montone, present

Wendy Naprava, Rec. Sec., present

Bob Fiume, present

Atty. Chris Slusser present

Tony Griguoli, present

Joe Calabrese, Engineer, present

MINUTES: Chairman Griguoli entertained a motion to approve the minutes of the April 13, 2026 regular meeting as prepared by the Recording Secretary. **Motion by Montone, second by Fiume to approve the minutes.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes

TREASURER'S REPORT: Chairman Griguoli entertained a motion to approve the April 2026 Treasurer's Report. **Motion by Montone, second by Fiume to approve the April 2026 Treasurer's Report.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

BILLS: Chairman Griguoli entertained a motion to pay the bills due and payable through May 11, 2026. **Motion by Montone, second by Fiume to approve the bills as presented for payment.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

Chairman asked if anyone has any comments on the agenda items – There were none.

ADMINISTRATIVE ACTIONS

ORDINANCE #2026-5-11-1 – PROHIBITING THE USE OF BRAKE RETARDERS ON ROUTE 424 & ROUTE 309 IN SPECIFIED AREAS. THIS HAS BEEN REVIEWED AND APPROVED BY PENNDOT: Chairman Griguoli entertained a motion for Ordinance #2026-5-11-1. **Motion by Montone, second by Fiume to pass Ordinance #2026-5-11-1.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

AUTHORIZATION FOR THE SUPERVISORS TO SIGN THE TRAFFIC SIGNAL EASEMENTS FROM PENNDOT FOR THE HAZLETON BELTWAY PROJECT ALONG ROUTE 309: Chairman Griguoli entertained a motion for the authorization. **Motion by Fiume, second by Montone for the authorization to sign** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

DISABLED VETERANS REAL PROPERTY TAX EXEMPTION FOR RONALD WITKOWSKI – HIS APPLICATION HAS BEEN REVIEWED AND APPROVED BY THE PA DEPARTMENT OF MILITARY & VETERANS AFFAIRS: Chairman Griguoli entertained a motion for the exemption. **Motion by Montone, second by Fiume to approve the exemption.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

INVOICE #1084 FROM COX FABRICATION, LLC FOR YEARLY BABE RUTH BATTING CAGE NET CARE IN THE AMOUNT OF \$1,210.00: Chairman Griguoli entertained a motion for the authorization. **Motion by Fiume, second by Montone to approve the invoice.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

INVOICE 2267 FROM M&J EXCAVATION IN THE AMOUNT OF \$5,950 FOR STORM WATER INFILTRATION SOIL TESTING EXCAVATION SERVICES AT COMMUNITY PARK: Chairman Griguoli entertained a motion for the invoice. **Motion by Montone, second by Fiume to approve the invoice.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

CHANGE ORDER #6 FROM PENNSY SUPPLY, INC. FOR THE HAZLE TOWNSHIP 2025 PAVING PROJECT IN THE AMOUNT OF \$116,771.91. THIS CHANGE ORDER INCLUDES THE ADDITION OF SHORT STREET, SCHOOL STREET, SAGE STREET AND VETERANS ROAD AS WELL AS ADDITIONAL PAVEMENT SQUARE YARDAGE FOR ROADWAYS PREVIOUS ON PROJECT ROAD PAVING LIST: Chairman Griguoli entertained a motion for the change order. **Motion by Fiume, second by Montone to approve the change order.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

APPLICATION AND CERTIFICATION FOR PAYMENT #7 FROM PENNSY SUPPLY, INC. FOR THE HAZLE TOWNSHIP 2025 PAVING PROJECT IN THE AMOUNT OF \$67,215.60. THIS APPLICATION IS FOR THE REMAINING RETAINAGE DUE TO CONTRACTOR FOR ROADWAYS PAVED IN 2025: Chairman Griguoli entertained a motion for the application for payment. **Motion by Montone, second by Fiume to approve application and certification for payment #7.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

APPLICATION AND CERTIFICATION FOR PAYMENT #8 FROM PENNSY SUPPLY, INC. FOR THE HAZLE TOWNSHIP 2025 PAVING PROJECT IN THE AMOUNT OF \$735,591.41: Chairman Griguoli entertained a motion for the payment. **Motion by Fiume, second by Montone to approve application for payment #8 above.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

AN OUTRUN THE DARKNESS EVENT (SUICIDE AWARENESS RACE) IS BEING HOSTED BY THE FRIENDS OF RACHEL CLUB FROM HAZLETON AREA HIGH SCHOOL ON MAY 16, 2026 FROM 4 TO 9:30 P.M. THE EVENT INCLUDES MUSIC, RESOURCE TABLES, YARD GAMES, FOOD TRUCKS, A KIDS FUN ZONE AND MORE. ALSO, STARTING AT 7 P.M. A 5K AND 9.88K RACE WILL BE HELD NEAR THE CAMPUS. THE FOLLOWING ROADS WILL BE CLOSED TO TRAFFIC IN HAZLE TOWNSHIP DURING THE RACE – W. 23RD ST. FROM COUGAR LANE TO PEACE ST.; PEACE ST. FROM W. 23RD TO W. 19TH ST.; W. 19TH ST. FROM PEACE ST. TO ALLEN ST.; ALLEN ST. FROM 19TH TO W. 20TH ST.; 20TH ST. FROM ALLEN TO ROSE ST.; AND A SMALL SECTION OF W. 22ND ST. FROM ENTRANCE TO MAPLE MANOR INTO THE HIGH SCHOOL WEST ENTRANCE: Chairman Griguoli entertained a motion for the road closures for the event. **Motion by Montone, second by Fiume for the above road closures during the event.** Roll call: Montone, yes; Fiume, yes; Griguoli, yes.

REPORTS

ROADMASTER: Jim said they have been pothole patching and they are still sweeping. They just got it back, it was broke down.

ENGINEER: Nothing to report.

FIRE DEPARTMENT: No report/nobody present.

CODE ENFORCEMENT OFFICER: Nobody present

ZONING OFFICER: Nobody present

OLD BUSINESS

There was nothing to discuss under old business.

NEW BUSINESS

There was nothing to discuss under new business.

AUDIENCE PARTICIPATION

Janet Korinchock, Brich Road, Hazle Township, asked if there was any news on the ordinance with data centers. Joe Calabrese said it's in draft form and they have been going back and forth working on it with the firm from. She asked how did Butler Township get there act together so quickly and it is taking us so long.

Rich Wienches, 119 Forest Hills, Hazle Township, asked what is the plan for the next several months at the park in the lines of improvements. Tony said Phase I and II of the master plan hopefully this year. Rich said that they need to do something about the vegetation in the water. Tony said he wants to work on it and asked Joe C. to do that. Rich also said that last week there was a zoning hearing last week and they were given a special exception and it should have been a variance. He is concerned about the business and if they are working on the trucks and if any of the vehicles could leak into the ground and affect the lake. And also concerned with the big trucks driving on Old Airport Road and causing accidents.

Colleen Denicola, 701 Sunflower Court, Ridgewood, Hazle Township, thanked the Board of Supervisors for all they have been doing. She said that she heard what was said at the last meeting and a lot of it was untruths about the leaks and her water problems. She did not always have these terrible water issues. It's gotten this way since all this work has been being done and she is still having issues.

Mary Robinson, Sophia Coxe Drive, Drifton, Hazle Township, said that where they are building the new storage facility the road is a mess. She asked what's the game plan and are they ever going to address it. The supervisors said they'll have to take a look at it. Mary also said that she sees garbage from the construction site blowing all around. Jim said they'll send somebody over.

Nelia Marchesky, 1047 N. Manhattan Court, said that Laurel Gardens on 22nd St., Parkwood, 23rd & Manhattan has not been swept in 3 years. Jim said the street sweeper will be there first thing in the morning to address that. She also said that she thinks Manhattan Court needs proper signage and also asked if they can put speed limit signs up to help with the speeding. She thanked the Supervisors.

Tom Marchesky, 1047 N. Manhattan Court, said he came to the township about 1 ½ years ago and he had a sketch of the area and then he saw signs on Manhattan Court for 25 mph and he suggested 15 mph. Jim said they can change the speed limit there, it's not a problem. Tom also asked if we can get a children at play sign in the area as well. Supervisors said yes.

ADJOURNMENT: The business at hand being complete, a motion was made to adjourn the meeting. **Motion by Montone, second by Griguoli to adjourn the meeting** Adjournment time 6: 35pm.
